Americans Haven't Forgotten About the Rigged Election

Despite what you hear — or don't hear — from mainstream media, Americans still aren't convinced that Joe Biden really won. The dust from the 2020 presidential election has never settled. In this episode, Paul interviews election expert Kurt Hyde. They discuss the vulnerabilities that make our elections insecure, Americans across the nation who are working to restore election integrity, and what we the people need to know to truly secure our elections. Hyde also talks about election fraud throughout American history and how thorough investigations fixed the problems.
