Congressional investigations have revealed a torrent of evidence on Biden family corruption, bribery, and betrayal. The latest includes evidence of money that flowed into Biden family shell corporations from a Romanian real estate tycoon. Also, the FBI is refusing to comply with a House Oversight Committee subpoena; the CIA may have helped gather signatories for the letter signed by 51 former national security officials to discredit the Hunter Biden laptop as Russian disinformation ahead of the 2020 presidential election; and what the end of Title 42 means for border states and America as a whole.

In the second half of the show, FreedomProject Academy Director Dr. Duke Pesta discusses education, culture, and politics; and The John Birch Society research and legislative team talk about the latest legislative news.
