For a couple decades, the organization Moms for America has been empowering mothers across the nation to raise patriots. However, the pandemic's revelation of profound flaws in public education has sparked a real revolution among moms, said Kimberly Fletcher. As the founder, president, and CEO of this national non-profit, Mrs. Fletcher possesses deep insights into the pressing concerns of families. In this interview with The New American, she discusses the importance of the healing of America from the virus of Marxism and the reasons her organization endorses Donald Trump for president. Mrs. Fletcher highlights Trump's track record of upholding traditional values, safeguarding women's sports and spaces from transgender intrusion, implementing robust immigration policies, and maintaining a sound economic stance.
