Trump Posts \$175 Million Bond in NYC Fraud Case

Former President Donald Trump announced that he posted the \$175 million bond in the New York civil fraud case he is appealing. The bond amount was lowered from the original \$454 million judgement after Trump [successfully appealed to lower](#) the amount to \$175 million.

Trump [stated on Truth Social last night](#):

I've just posted a 175 Million Dollar Bond with the sadly failing and very troubled State of New York, based on a Corrupt Judge and Attorney General who used a Statute that was never used for this before, where no Jury was allowed, my financial statements were conservative and had a 100% perfect caution/non-reliance clause, there were no victims (except me!), there was no crime or damage, there was only success and HAPPY BANKS. The case was a fabricated ELECTION INTERFERENCE con job, so bad for New York, where businesses are fleeing & violent crime is flourishing. The Crooked Judge, to suit his narrative, valued Mar-a-Lago, in Palm Beach, Florida, at \$18,000,000, when it is worth 50 to 100 times that amount. He ruled I was guilty before he ever saw the case. He should be disbarred, and Letitia James, who campaigned on getting TRUMP, Impeached. Also posted a 91 Million Dollar Bond on another New York Fake Case, money I can't use on my campaign. Just what Crooked Joe wanted. WITCH HUNT!
