Bill Jasper is a tireless researcher and investigator with high-level official contacts around the world and has a well-earned reputation as one of America's top investigative reporters. Before embarking on a career in journalism, he earned bachelor's degrees in child psychology and education from the University of Idaho, after which he worked as a teacher in both public and private schools. Since then, as a member of the press corps, he has attended several international conferences hosted by the United Nations, and his ground-breaking reporting on the Oklahoma City bombing and its aftermath did much to underscore the threat of terrorism years before 9/11. He is also the author of the books *Global Tyranny ... Step by Step* and *The United Nations Exposed*.

Alex Newman is an American freelance writer and the president of [Liberty Sentinel Media](#), Inc., a small media consulting firm. In addition, he earned a degree in journalism from the University of Florida, with an emphasis on economics and international relations.
