Deep State Using Child Soldiers in War on America | Behind the Deep State

In this episode of Behind The Deep State, host Alex Newman exposes the Deep State's recruitment and weaponization of American children through the Rockefeller-funded Sunrise Movement. Founded by a member of the Club of Rome and funded by racist and globalist billionaires, this front group is seeking to use concerns about the "environment" to undermine American freedom and free markets. The "Green New Deal" and "global warming" were the group's primary issues. However, now, the group is focusing increasingly on defunding the police by exploiting "trigger events," playing a crucial role in the riots and violence spreading across America. This shady group, which was exposed by Millennial Millie and a source on the inside, is teaching children to commit crimes and even use violence and terrorism as a tactic in the war against America. Don't let the Deep State use your children to wage war against you.
