

Problems with Common Core (Video)

In the short video presentation below, Dr. Duke Pesta describes what's wrong with the Common Core standards that are being imposed on American public schools. These one-size-fits-all standards, which were developed by Washington, D.C. lobbyists, are intended to nationalize education, giving those who hold the reins of power the means to rewrite education and mold the minds of our children.

Dr. Pesta is the academic director of FreedomProject Educaction, an online classical school for homeschoolers, and a contributor to *The New American*.
