## **Biden Border Plan to Crush Nation Continues. Three Sectors Under Siege. “In Charge” Harris Redecorates Office**

Three reports on border apprehensions through the past week suggest that no end is in sight to the deluge of Central American and Third World immigrants streaming across the border from Mexico.

The number of illegal aliens apprehended every day is nearly incomprehensible, but consistent with the Biden Regime’s policy to flood the country with “migrants” and dispossess the American people.

The Del Rio and Rio Grande Valley border sectors in Texas, along with Yuma’s in Arizona, are out of control. Border agents in the latter handled almost 2,700 percent more apprehensions this October than last.

### **Mass Invasion**

The “RGV sector has seen 112,147 migrant apprehensions since 10/1, a 163% increase over last year,” tweeted Bill Melugin of Fox News, citing a source at the Department of Homeland Security:

Del Rio Sector has seen 70,048 migrant apprehensions since 10/1, a 235% increase. And RGV sector currently has 10,270 known gotaways since 10/1.

Meanwhile, per a DHS source, the RGV sector has seen 112,147 migrant apprehensions since 10/1, a 163% increase over last year.

A “gotaway” is an illegal who slipped past agents, likely never to be seen again. At least until he lands in jail for rape, murder, or drug dealing.

Subtracting October’s numbers from what Melugin’s source provided means border agents have caught another 66,823 illegals since November 1. Some 45,324 crossed in October, a 157.3-percent increase over October 2020.

The increase in the Del Rio Sector was comparable. In October, agents apprehended 28,111 illegals, a 232.8-percent boost over last year. Thus, the total since November 1 is 41,937.

Since October 1 then, agents have caught 182,195 “migrants” in those sectors alone.

Last week, Chief Border Patrol Agents Jason Owens tweeted a number that put into perspective what his beleaguered agents face:

130+ in 1 group. Part of the 900+ arrests DRT had for the day (men, women, children... from around the world). Think of the logistics and resources needed to process & care for that population

Our resources are finite. We need them for our mission. Border Security is our mission.

## Yuma, Harris Redecorates

Traitor Joe and Alejandro Mayorkas, the [Cuban visa fraudster](#) who runs DHS, don't agree. That's why they opened the border and [stopped deportations](#) of illegals, even [dangerous criminals](#).

That aside, the situation in Yuma is even worse than in DRT or RGV.

“#USBP #YumaSector agents encountered more than 2,600 migrants who illegally entered the U.S. from Mexico Friday through this morning. Migrants from more than 30 countries entered the U.S. over the weekend,” sector chief Chris Clem tweeted yesterday.

The numbers from Yuma are staggering. In October 2020, agents apprehended 787 illegals. This October, it was 21,623, a 2,647.5-percent increase.

And what's up with Vice President Kamala Harris, the regime's border czar supposedly “[in charge](#)” of the manufactured crisis?

She's been busy redecorating her office.

Kamala Harris has redecorated the VP's office. Here's the meaning behind her choices:

“Like her predecessors, she has put her own stamp on it, and her choices are revealing,” the [San Francisco Chronicle](#) reported:

To the right of her desk hangs a striking black and white portrait of Thurgood Marshall, the first Black Supreme Court justice who as an attorney won the landmark case *Brown v. Board of Education* desegregating schools. It’s positioned in a way that looks almost as if Marshall is looking over Harris’ shoulder when she works.

The painting is on loan from Howard University Gallery and by artist Eddie Fontno, also an alumnus of Howard. Harris has long paid homage to Marshall, keeping a bust of him in her Senate office and at her more-photographed ceremonial office across the street from the White House in the Eisenhower Executive Office Building.

“No time for the border ...?” Representative Andy Biggs of Arizona tweeted.

Answer: No. Because Harris doesn’t see a “crisis.” Neither does Traitor Joe or Mayorkas. They see an opportunity — to kill the American nation.
