Illegal-alien Invasion Worsens. Border Agents Nab More Than 800 in One Day; 20K Last Week

On July 27, border agents in the Rio Grande Valley Border Sector apprehended more than 800 illegal aliens, Customs and Border Patrol reported. Last week, RGV border chief Brian Hastings announced this mind-boggling datum: Agents apprehended 20,000 migrants.

Worse still, the relentless, marching army of illegals carries the China Virus and is likely infecting Americans. Once across the border, Biden will let them stay — forever.

24 Hours, 845 “Migrants”

CBP nabbed 845 illegals on July 27, the [agency announced](#) the next day.

Near La Grulla, Texas, they “encountered a group of 336 migrants as they walked from the Rio Grande into the United States, which, at the time, was the largest group encountered this summer,” CBP reported.

The group supposedly included all “family members” except for eight unaccompanied children.

The illegals “suffered from dehydration and exhaustion,” hardly a surprise in mid-July.

One would think the heat and the rugged terrain would deter them, but alas, Biden’s [offer of asylum](#) — and jobs, free food, free medical care, and free everything else — is too hard to pass up.

The illegals are mostly Guatemalan, but included Hondurans, Nicaraguans, and Salvadorans.

Agents ran into a larger group of invaders that evening near Hidalgo. They collared 509; 331 “family members,” 115 unaccompanied children, and 63 single adults.

“These apprehensions account for the single largest group apprehended thus far, this year,” CBP reported:

RGV Sector began tracking large groups in 2007 and last night’s encounter is by far, one of the largest to date. This group consisted of migrants from El Salvador, Guatemala, Honduras, Nicaragua, Ecuador and Venezuela.

The irresponsible mass migration has forced agents to rescue more than 700 of the future Democrats this year.

One Week

One frightening measure of the invasion came in Hastings’ tweet of July 25:

It’s the hottest part of the summer and apprehensions are skyrocketing!

#USBP Apprehensions surpassed the 1-million milestone in June.

NOW — this week alone — #RGV has apprehended more than 20K illegally present migrants.

That would be 2,857 illegals per day for the seven days. Border-wide for June, when the total for fiscal 2021 passed one million, agents apprehended 6,294 per day. That daily total might increase considerably when CBP releases the figure for July.

As [The New American reported](#) earlier this month, if the pace set in June continues through September 30, agents will catch another 579,048 by September 30, the last day of fiscal 2021. Total apprehensions will be almost 1.7 million.

The terrifying [Camp-of-the-Saints](#) deluge is frightening not just because of sheer numbers. Many illegals are infected with the potentially deadly China Virus, and the Biden regime is dumping them into unsuspecting communities.

On July 26, as [TNA reported](#), cops in La Joya apprehend a bunch of coughing, sneezing illegals at a Whataburger. They admitted they had the virus.

Understandably, local officials are furious and want Biden to stop the dumping, as does Senator Ted Cruz (R-Texas) and others.

“At the border illegal aliens are being put in cages with others who are COVID positive, spreading COVID, & then releasing COVID in our communities,” Cruz tweeted of Biden’s policy. “This is lunacy.”

It isn’t lunacy for the Democrats.

[They hope](#) to use mass Third World immigration, both illegal and legal, to change the political landscape of the country. Unlike the immigration waves earlier in American history, most modern-day immigrants are not assimilating. They are not expected to, nor are they expected to pull themselves up by the bootstraps. In fact, our current social-welfare policies encourage them not to do so. The Democratic Party claims the new immigrants are oppressed, presents itself as their vindicator, garners most of their votes — and hopes to expand the volume of new arrivals and their votes to the point that it can become the only major political party in the country.
