Police: “Unaccompanied Minor” Murdered Florida Man. Biden Regime Caught, Released Honduran Who Lied About Age

The Biden Regime’s policy to catch and release as many illegal aliens as possible as they surge across the border is responsible for the murder of a man in Jacksonville, Florida, Governor Ron DeSantis says.

Illegal-alien Honduran Yery Noel Medina Ulloa, 24, entered the country as an “unaccompanied minor,” but somehow made it to Florida where a generous Francisco Javier Cuellar, a 46-year-old father of four, took him in.

Ulloa repaid Cuellar, police allege, by stabbing him to death.

How Ulloa landed in Florida is unknown. This is known: Biden and his immigrant Homeland Security chief, Cuban leftist Alejandro Mayorkas, have been flying and busing illegals around the country for months.

[DeSantis’ office told](#) the *Washington Examiner* that 70 flights packed with illegals have landed in Florida. Ulloa might well have been on one of them.

Blood Trail

As for the illegal Honduran, the [New York Post reported](#), cops arrested him in Jacksonville “when he was found covered in blood” after Cuellar’s murder on October 6:

Ulloa had been found wandering near a lake and covered in blood, with a trail of blood leading to Cuellar’s body in his living room, the arrest warrant showed.

Home security cameras showed him “stabbing the victim numerous times and repeatedly hitting him with a chair,” the Jacksonville Sheriff’s Office warrant said.

He called a friend to confess and even texted “that he had ‘killed Uncle Francisco,’” the warrant said.

According to his mother, she was told that after his arrest, “he cried and told them, ‘I killed him. I killed him.’”

Only after cops locked the murder suspect safely away did they learn his real age and identity, the [Post reported](#). He told border agents that his name was Reynel Alexander Hernandez.

That’s how he landed in a shelter, and that’s why Cuellar is dead.

Still unclear though is how the Honduran murder suspect wound up in Florida. The Biden Regime’s

border agencies are mum.

Not that it matters. If Biden and his [visa-fraudster DHS chief](#) hadn't let him into the country, again, the four Cuellar kids would still have their dad.

"This horrific crime is the latest example of how unfettered illegal migration costs Floridians' lives," DeSantis told the newspaper. "If not for the Biden Administration's unlawful 'catch and release' policy, Mr. Cuellar would still be alive today.... How many more lives will be lost before the Biden Administration decides to uphold the law?"

Secret Flights

On Saturday, the [Examiner reported](#) a shocking claim from DeSantis' chief of public safety. Biden and Mayorkas are carpet bombing Florida with illegal aliens:

"Over 70 air charter flights [on] jetliner airliners coming from the southwest border have landed at Jacksonville International Airport," said Larry Keefe, DeSantis's public safety czar. "On average, there's 36 passengers on each of these flights. And that has been going on over the course of the summer through September."...

A Trump administration federal prosecutor, Keefe asked the obvious: "Who is facilitating this travel? How are they getting here? Who are the support people? Who are the sponsors?"

Keefe told the *Examiner* that the Biden Regime won't say who is overseeing the flights.

The regime [has been flying](#) and [busing](#) diseased, unvaccinated illegals [all over](#) the country for months. [Mayorkas confessed](#) in September that 20 percent of the illegals are sick.

In other words, a stabbing or three might be the least of Florida's problems. They might well suffer a major pandemic beyond COVID given that [illegals carry in](#) mumps, measles, Chagas, scabies, chicken pox, and multi-drug resistant tuberculosis.

Another major threat is [Africans with](#) the Ebola virus.
