

Election “Polycrisis”: Should We Expect Multiple “October Surprises” From the Deep State-WEF-UN Cabal?

Are multiple planned “crises” just around the corner? Maybe “emergencies” serious enough to throw the election? Maybe postpone the election? Even cancel the election? How about a new pandemic? ([Fears over bird flu and monkeypox](#) are being amped up now.) Or a catastrophic cyber attack? (The globalists at the [World Economic Forum](#), the [Council on Foreign Relations](#), and other Deep State institutions have been prepping us for that for the past few years.) How about a massive, coordinated series of terrorist attacks like those in Gaza last October? (The Biden-Harris regime has conveniently opened our border and invited millions of migrants — [including known terrorists](#) — to invade our country.)

Or perhaps another round of nationwide riots and mayhem *a la* George Floyd/BLM? (A combination of back-to-college pro-Palestine protests and a race-baiting police shooting should provide sufficient sparks for a coast-to-coast conflagration.) Or, how about Judge Juan Merchan ordering Donald Trump to jail in the totally political “hush money” lawfare case — just days or weeks before the election? (Merchan has shown himself to be conflicted, [completely biased](#), and willing to do Team Biden/Harris’ bidding in locking up its opposition). Or, another assassination attempt? Maybe all of the above? And more?

2020’s October Surprise

We’ve come to expect that [“October surprise”](#) dirty tricks will accompany U.S. presidential elections. Last time around, we had several of them. Perhaps you recall the October 2020 sensational story that the FBI had thwarted a plot by pro-Trump “militia” misfits to kidnap Michigan’s far-left Democratic Governor Gretchen Whitmer. The hate-Trump, pro-Biden “mainstream” media rode that phony story all the way to Election Day. As it turns out, the plot was almost entirely confected and financed by the FBI (see [here](#) and [here](#)). In other words, there would have been no “sensational” kidnap plot without the FBI/DOJ orchestrating it.

At the same time, the media chorus joined in unison to protect Joe Biden from a *genuine, legitimate* October surprise: the Hunter Biden laptop. In fact, the media joined with traitors in the Intelligence Community (IC) to turn the laptop story into a condemnation of Donald Trump. You may recall that just two weeks before the November 3, 2020, presidential election, 51 former high-level IC operatives signed a letter claiming that the Hunter Biden laptop was a Russian disinformation operation. They claimed Putin’s operatives were doing this to help Trump! (See [here](#) and [here](#).)

That Big Lie was dutifully trumpeted by the Deep State's sock puppets in the [Mockingbird Media](#). The Liars "R" Us gang of 51 ex-IC spooks — led by John Brennan, James Clapper, Michael Hayden, and Michael Morell — along with Merrick Garland's DOJ and their media accomplices, sustained this deception for more than four years before acknowledging that the laptop was indeed genuine and not Russian disinfo.

More Than "October"

Of course, the media presstitutes and their Deep State handlers have not restricted themselves to October surprises. With Trump they have been going full throttle 24/7/365. Their unprecedented, nonstop barrage of lawfare attacks alone is the equivalent of multiple October surprises. However, with all of the Team Democrat/Biden/Harris chickens coming home to roost — inflation, invasion, crime, energy, wars, military breakdown, social collapse, and more — not even all the [phony polls](#) showing Kamala Harris soaring in popularity will do the trick come Election Day. Thus, we can be sure that, in addition to registering hordes of illegal migrants and felons to vote, readying pallets of pre-printed ballots for stuffing operations, and rigging voting machines, the cabal has plenty of other dirty tricks up its sleeves.

The Cabal

Did we say "cabal"? Yes, and in doing so we are merely repeating an admission — no, a boast, actually — by one of the MSM presstitutes. Let us recall the [gloating article by Molly Ball](#) in the February 15, 2021 issue of *Time* magazine. Titled "The Secret History of the Shadow Campaign That Saved the 2020 Election," this amazing piece confirmed what many of us knew was happening with dark forces behind the scenes. Ball approvingly described "a well-funded cabal of powerful people, ranging across industries and ideologies, working together behind the scenes to influence perceptions, change rules and laws, steer media coverage and control the flow of information." She acknowledges that this was a massive "conspiracy" (her word) involving Big Media, Big Tech, Big Business, Big Labor, Big Intel, and Big Government.

"There was a conspiracy unfolding behind the scenes, one that both curtailed the protests and coordinated the resistance from CEOs," Ball wrote, "... the result of an informal alliance between left-wing activists and business titans." Keep in mind that she thinks this is wonderful because it "saved" America from Trump and his MAGA/America First troglodytes.

One of the big surprises to come out of that election was the unprecedented deluge of private money from a single source targeting our election machinery. Meta/Facebook billionaire Mark Zuckerberg and his wife ponied up \$400 million for two liberal-left outfits, the Center for Tech and Civic Life (CTCL) and the Center for Election Innovation & Research (CEIR). This massive infusion of "[Zuckerbucks](#)" was funneled to local election officials and activist nonprofits, particularly targeting efforts to stuff the Covid-19 drop boxes.

"October Polycrisis Surprise"

Which brings us to this year's "October Polycrisis Surprise." Get ready for a rollout of fearmongering on a scale like you've never seen before. We are likely to see daily newscasts and headlines screaming: "Polycrisis, Polycrisis!" and "Emergency, Emergency!" Leading the charge on the polycrisis fright peddling is the World Economic Forum (WEF) — you know, the [jet-setting club of globalist billionaires](#), business moguls, politicians, dictators, and celebrities with carbon footprints the size of sovereign nations, but who prescribe austerity and [insect diets](#) for us, while they dine on caviar and filet mignon.

Written by [William F. Jasper](#) on August 17, 2024

Here are but a few of the many WEF speeches, articles, and video presentations promoting the polycrisis fear campaign:

- [“We’re on the brink of a ‘polycrisis’ — how worried should we be?”](#)
- [“This is why ‘polycrisis’ is a useful way of looking at the world right now”](#)
- [“Experts Explain: What is the Polycrisis?”](#)
- [“Welcome to the age of the polycrisis: the Global Risks Report 2023”](#)
- [“Instability, inflation and the ‘polycrisis’ — the Global Risks Report half a year on”](#)
- [“Cybersecurity in this era of polycrisis”](#)
- [“Can the word ‘polycrisis’ help us make sense of the post-Covid world?”](#)
- [“How to maintain global food security during a ‘polycrisis’”](#)

You get the drift. The overall polycrisis message is: “Be afraid. Be very afraid. And then trust us, the *experts*, to take care of you and lead you through the polycrisis.” In fact, the WEF and the United Nations (with which the WEF has a formal [“strategic partnership agreement”](#)) intend to completely reconfigure the world (socially, politically, economically, morally, spiritually — a New World Order) via their [“Great Reset.”](#)

World Government the Goal

Naturally, the WEF and UN globocrats have plenty of assistance from a huge globalist network. Also hymning the polycrisis anthem are the usual suspects: the Council on Foreign Relations (CFR), the European Council on Foreign Relations (ECFR), the Royal Institute of International Affairs (RIIA), the Carnegie Endowment, the Aspen Institute, *The New York Times*, *The Nation*, Reuters, *Time*, *Financial Times*, CNN, Vox, etc., etc. All of this is aimed at herding us into a world government under the United Nations.

The setup for the polycrisis Great Reset was put forward in a 1962 report for the U.S. State Department titled *Study Memorandum No. 7: A World Effectively Controlled by the United Nations*. The author, Dr. Lincoln P. Bloomfield, a professor at the Massachusetts Institute of Technology and former State Department official, was a member of the CFR. “A world effectively controlled by the United Nations,” wrote Bloomfield, “is one in which ‘world government’ would come about through the establishment of supranational institutions, characterized by mandatory universal membership ... thereby codifying a radical rearrangement of power in the world.”

(We have reported on Bloomfield’s world government scheme many times in *The New American* (see [here](#), [here](#), and [here](#)). I have also covered it extensively in my books *Global Tyranny ... Step by Step* (1992) and *The United Nations Exposed* (2001).)

“Sudden, Nasty, and Traumatic Shocks”

Particularly noteworthy is Bloomfield’s acknowledgment that there is bound to be resistance to his radical proposal for global rearrangement. Thus, the organized globalists would most likely have to resort to shock therapy to gain acceptance. The smarter, speedier path to global merger and world government, he said,

relies on a grave crisis or war to bring about a sudden transformation in national attitudes sufficient for the purpose. According to this version, the order we examine may be brought into existence as a result of a series of sudden, nasty, and traumatic shocks.

It certainly looks like we are being set up for “a series of sudden, nasty, and traumatic shocks” — in the very near future.
