The World Health Organization is meeting later this month and plotting to hijack power from sovereign nations by using the lie that its actions serve "public health." But unlike the days when the American public and Congress were wholly ignorant of the threat posed by international organizations, millions of Americans and all federal Republican senators oppose the WHO's latest attempted power grab. *TNA* editorial members discuss the chasm between awareness and the ultimate goal of completely abolishing the WHO, the UN, and all other globalist organizations.

Also in this episode:

@ 20:43 | Evidence is surfacing supporting what we already know, mainly that the Biden White House is directly tied to the anti-Trump lawfare;

@ 36:17 | The Boeing controversy gets spooky, as another whistleblower winds up dead;

@ 50:38 | John Birch Society National Field Coordinator Jon Schrock discusses how years of JBS education has helped move the Overton window on globalism and election integrity.
