Three new scientific studies published in peer-reviewed journals are undermining the Deep State narrative surrounding alleged man-made global warming, explains *The New American* Senior Editor [Alex Newman](#) in this episode of [Behind the Deep State](#).

After decades of stunningly inaccurate predictions by the United Nations and the “climate” establishment, the climate agenda is imploding. And yet, leading government “climate” scientists are taking to social media and blogs to hurl childish epithets at the scientists debunking their propaganda.
