Since its establishment in 1958, the John Birch Society has been the target of numerous attacks; it has been criticized, maligned, and defamed because it identified what others would not: high-level globalist collaboration and communist penetration within America. Gary Benoit, a JBS member since the '60s and veteran editor of *The New American*, documents this story from the inside, in the new book *The Vanguard of the Americanist Cause: A Close Look at The John Birch Society*.

In this episode of *Behind The Deep State* with Alex Newman, Benoit invites Americans to join the JBS' crusade to educate Americans about the elites at the Council on Foreign Relations, the Trilateral Commission, the United Nations, and the World Economic Forum, who actively work to undermine faith, family, and freedom. Through concerted action and organization, The John Birch Society encourages all patriots of goodwill to join the cause and bring about "less government, more responsibility, and with God's help, a better world."
