Global Coalition Taking on UN WHO Sexualization of Children

The United Nations World Health Organization's perverse sexualization of children must end, and governments worldwide must resist this evil agenda, explained homeschool mom and new activist leader Rachel Read in an interview on Behind The Deep State with The New American magazine Senior Editor Alex Newman

Read, who founded and leads the International Coalition4Children, explains how horrified she was when she found out what WHO resources and recommendations schools were using to teach "sex education" to children. The organization refers to this vile indoctrination as "Comprehensive Sexuality Education." Read vowed to do everything in her power to stop it.

Blasting the WHO agenda as evil, Read's coalition now includes partners across the United States, England, Wales, Ireland, Australia, New Zealand, Canada, Scotland, and beyond. From working with lawmakers to directly confronting WHO's leaders, the alliance is only just getting started. But much more is coming as moms and dads worldwide push back.
