True Islam, as articulated in the Quran, demands firm adherence to Sharia Law and would result in a global Islamic caliphate featuring the total persecution of all infidels, explains Islamic expert Anni Cyrus to The New American's Alex Newman on Behind The Deep State. And it is coming to the U.S., she warns in her new book, [*The Architecture of Jihad: Inside the Ideology, Law, and Global Strategy Driving Islam's Multi-Front Expansion*](#).

Despite ostensibly being in competition with Islam, communists have created a Red-Green Axis, partnering with Muslims to destroy Western Civilization, formerly known as Christendom, Cyrus, who grew up in Iran but escaped to America, explained. Ultimately, they will turn on each other, but they share an alarming goal: the complete destruction of the U.S. Understanding this threat is key to pushing back on the Islamification of America, which is taking place in Texas, Minnesota, New York City, and across the entire nation.
