The horrors wreaking havoc across the United Kingdom including mass censorship, mass Islamic immigration, and a breakdown of Christian civilization are coming to the United States if Americans do not wake up and stop it while there's still time, warned British commentator and political operative Peter McIlvenna on Behind The Deep State with The New American magazine's Alex Newman.

McIlvenna, whose podcast Hearts of Oak is known worldwide, said he did not believe it was too late for Americans to turn the tide. But without decisive action, America and the entire Western world are facing mortal danger. Do not miss this powerful warning, along with ideas on what to do.
