Democrats and Deep State forces nationwide are working to undermine or even abolish the office of elected sheriff and must be resisted by all who value the Constitution and liberty, warned Constitutional Sheriffs and Peace Officers Association (CSPOA) founder Sheriff Richard Mack.

Speaking on Behind The Deep State with The New American magazine Senior Editor Alex Newman, Mack points to Washington State's new attacks on the chief law enforcement officers. Connecticut, he added, has already abolished the office of sheriff.

Mack, who defeated the Clinton administration's gun-control schemes at the U.S. Supreme Court in a landmark case, says elected sheriffs are key to preserving freedom and the rule of law. That is why so many powerful forces are arrayed against them.

Don't miss this powerful interview with one of America's most iconic law-enforcement legends.
