The Israeli academic who disappeared after claiming the Biden “crime syndicate” was out to get him for revealing their crimes to the FBI is alive and in hiding. He’s recently spilled some beans to the *New York Post*.

Also, the FBI will allow House Oversight Committee Chairman James Comer and ranking member Jamie Raskin to look at the 1023 document that allegedly contains damning information on the Biden crime syndicate; a Florida mayor is arrested on voter-fraud charges; and the largest provider of home insurance in California will stop providing home insurance because of California’s failing leadership.

In the second half of the show, TNA Editor-in-chief Gary Benoit interviews TNA Creative Director Joseph Kelly, about the use of artificial intelligence to create imagery, and Gary and Executive Senior Editor Steve Bonta finish off the show with another installment of principles.
