The CIA is ostensibly the only organization in the world capable of shaping and coordinating the agenda of global affairs. The Covid pandemic was not an exception. Working through its de-facto operational unit, the Defense Advanced Research Projects Agency (DARPA) and hand-in-hand with the National Institute of Health (NIH) and the Department of Defense (DOD), as well as Chinese scientists in the Wuhan Institute of Virology (WIV), the Central Intelligence Agency (CIA) was deeply involved in so-called Dual Use Research of Concern on coronaviruses, presumably for biodefense purposes. Using the cutting-edge technology provided by the United States, the Wuhan lab was able to engineer the virus to look natural. Engaged in a quid-pro-quo with the Chinese Communist Party (CCP), the United States intelligence community, along with their counterparts elsewhere in the administrative state, covered up all evidence of the nature of the work being done in the lab.

While there is no ironclad evidence that SARS-CoV-2 was engineered as a bioweapon, there are strong indications that it was. For example, it is well documented in scientific literature that coronaviruses provide an excellent platform for bioweapons. Given the strong ties between the CIA and the former Secretary of State Henry Kissinger, the author of the National Security Study Memorandum (NSSM) 200 (aka [the Kissinger Report](#)) that made the
