Central banks around the world are preparing to foist “digital currencies” on people worldwide in the not-too-distant future, warns Travis Bajema aka [The Economic Ninja](#) in this interview on [Conversations That Matter](#) with The New American magazine’s Alex Newman. The shift to what many are calling a “Quantum Financial System” (QFS) has enormous implications for privacy, freedom, independence, and much more, Bajema says. Don’t be caught unprepared!
