The FBI released a document with more details about the Bidens' lucrative influence-peddling racket. Sen. Chuck Grassley of Iowa released on Friday an FBI FD-1023 form that includes detailed allegations of Hunter and Joe Biden receiving \$5 million apiece from Burisma CEO Mykola Zlochevsky.

In other stories, federal agents charge a former Democratic state legislator from New Hampshire with child sexual exploitation in connection with his arrest on child-porn charges. The former legislator, who is "trans," is accused of conspiring with his girlfriend to rape small children at the day care center where she worked. Also, *TNA's* senior editor Alex Newman asks presidential candidate Vivek Ramaswamy what we should do about the United Nations, the Great Reset, and the World Economic Forum; and climate propagandists in Europe are caught misleading the public about temperatures.

In the second half of the show, Gary Benoit interviews Alex Newman about his cover-story article "BlackRock: Masters of the Universe," and we join Steve Bonta and Gary Benoit for another episode on principles. Today, they discuss some of the virtues needed for a free society to survive and flourish.
