LINDELL CYBER SYMPOSIUM: Network Security Expert Bill Alderson on Data Security and Elections

Sioux Falls, S.D. — Network security expert Bill Alderson of the Security Institute, a provider of network security training and certification, talks to *The New American's* Annalisa Pesek in this exclusive interview from the Mike Lindell Cyber Symposium on election security. Anderson provides details on what has been revealed so far at the Symposium and describes basic principles of network security, including a primer on data transmission over the internet using packets.
