As the chief law enforcement officers in their jurisdictions, sheriffs have the power and the duty to protect the rights of their constituents from any attacks including those from the Deep State and even the federal government, explains The New American magazine Senior Editor [Alex Newman](#) in this episode of [Behind The Deep State](#). Having just returned from the Constitutional Sheriffs and Peace Officers Association (CSPOA) "Resist the Temptation" summit in Las Vegas, Newman says the message was that sheriffs have many tools at their disposal including forming a posse, refusing to enforce unconstitutional decrees, and interposing between tyrants and more. Multiple sheriffs who spoke with Newman at the summit had ideas on this very issue. Share this video with your sheriff and others in the law enforcement community in your area!
