Author and journalist Ronald Owens served in the California Department of Public Health (CDPH) during Covid lockdowns and vaccine rollout. He watched his agency turn a blind eye to evidence of the detrimental effects of both. Now retired, he has made it his mission to visit each county commission in California to issue the warnings that should be coming from CDPH.

In this exclusive interview, Owens meets with The New American's senior editor, Rebecca Terrell, to talk about his latest book, [Muzzled Truth: How the California Department of Public Health Rejected COVID-19 Treatment and Vaccine Health Risks Warnings](#), an insider's expose of the travesty.
