

The Targeted Takedown Indictment of Trump Is a Deep State Revenge Tactic

The latest indictment of former President Donald Trump is not only a political ploy by Biden's Department of Justice to take out the frontrunning Republican nominee, but it could also be a targeted deep state revenge hit coming from the highest levels of our institutions, explained [Alex Newman](#), Senior Editor of The New American magazine in this episode of [Behind The Deep State](#).

Chuck Schumer, the Senate Majority Leader, gave Trump an ominous warning about taking on the deep state while on Rachel Maddow's MSNBC program, stating, "You take on the intelligence community; they have six ways from Sunday at getting back at you. So, even for a practical, supposedly hard-nosed businessman, he is being really dumb to do this."

Could it be that this unprecedented indictment of a former president is a deep state hit to take down Trump and smear his name right before the 2024 election? Americans can and must fight back against our two-tiered system of justice and defeat the government gangsters who wish to subvert the will of the people.
