Despite having taken a major PR hit over the last few years, globalists at the United Nations do not intend to give up on their quest for world government. The UN held its Summit of the Future conference this weekend in New York City. *TNA's* Alex Newman and Andrew Muller, who attended, join us to discuss the UN's plans for the serfs of the world, and the desperation in their tone as they continue to seek global totalitarianism.

Also in this episode:

Gen. Michael Flynn outlined during The John Birch Society's Leadership Conference the 10 steps the Left will implement if Kamala Harris gets into the White House and Democrats take control of Congress;

Pastor Paul Blair, who trains pastors to get involved in politics, says faith leaders need to speak out on every issue, especially political and cultural ones.
