In a rare moment of sanity, Congress passed a nuclear energy package designed to unleash one of the greatest sources of cheap, reliable, powerful energy. The bill is heading to Joe Biden's desk, which he's expected to sign. Reviving the once thriving nuclear energy sector will be a boon for Americans, which begs the question: Why the sudden turnaround on energy that has for decades been unjustly vilified?

Also in this episode:

@ 22:28 | For the first time in history, the U.S. faces a nuclear-armed alliance in Russia and North Korea;

@ 43:05 | It is summer, it is hot, and—right on cue—the climate stooges are freaking out;
