UN Paris 'Climate' Deal is to Boost China, Kill US

In this episode of Behind the Deep State, host Alex Newman explains how the United Nations "Paris Agreement" to supposedly solve alleged man-made global warming is actually a plot to destroy the U.S. economy and transfer what is left of America's productive capacity to Communist China. However, it will help destroy the United States and the U.S. military for the benefit of China and other hostile foreign governments.
