In this episode of Unrestricted, renowned investor Peter Schiff, nicknamed “Doctor Doom” by the establishment media for predicting the 2007 financial collapse despite near-universal ridicule, weighs in on the Trump economy. Schiff was recently on the receiving end of one of Trump’s insult-laden Truth Social broadsides after he claimed that conditions aren’t nearly as rosy as the Trump Administration claims. In this exclusive report, Schiff discusses the *real* state of the American economy with *New American* publisher Steven Bonta, and explains in unapologetic detail why you should be concerned at the prospect of another collapse.
